SPONSOR TESTIMONIALS

“

Amazing experience! The in-person networking was fantastic ... The care and attention the sponsorship manager gave us displayed his investment in our company's exposure and future opportunities. We felt valued and appreciated. This resulted in us signing up for the next upcoming conference ... The customer success team was also fantastic with responding back to emails and questions promptly. Very friendly and did not make you feel like you were being a nuisance when requesting assistance.

“

10/10 ... Excellent opportunity to interact with the industry and gain perspectives. The ability to meet people was great!

“

By far one of the most valuable events we attend in the area. Great foot traffic at the booth and the personas in attendance are who we are looking to speak with ... Everyone was open and excited to network ... This is a very well-run event. Great attendance, sponsors and professional event staff. We would love to be involved in future events.

“

10/10 ... Awesome networking experience. We made many connections! ... The show was very well organized, and the lead generation platform is great! The communication leading up to the event was concise and complete.

“

The quality of the audience was 10/10. It was an AWESOME event! It provided an excellent opportunity to see more perspectives on food safety. I am “new” to this industry and there were a lot of connections already established between attendees, but the format allowed me to blend into these relationships ... A great opportunity to share, learn and grow.

“

10/10. Great traction and meaningful connections. Great event to meet peers and organizations that deal with the day-to-day challenges of food safety. Well organized with interesting topics and speakers that bring awareness.

“

It has been great! Being able to meet and shake hands physically with existing customers as well as potential new ones is what we do this for. Being able to showcase our products and educate the industry pros has been great ... Everything ran like clockwork!

“

This was a well-organized event with lots of great people to meet. Great to see existing and prospective customers. As a small event compared to large packaging shows we do not feel lost in the crowd.
